

SupplySide Summer Summit presents:

Brain health ingredient showcase on August 6, 2026

Join the first ever SupplySide Summer Summit, a digital presentation of brain health ingredients. We'll detail production, clinical studies and finished product applications for supplements, food and beverage of these 8 important ingredients:

- Cordyceps
- Creatine
- Magnesium
- Citicoline
- Ashwagandha
- L-theanine
- Saffron
- Rhodiola

This is a unique advertising opportunity for suppliers! It's an important, popular topic and you can align your ingredient with our editorial discussion of quality, efficacy and safety.

The Summer Summit is also a great way to begin marketing your SupplySide Global presence, and can be a way to make connections and begin conversations before October. Be part of an innovative content experience that provides attendees with valuable, relevant information, as well as a platform for you to tell your story.
